

LOUIS H. McDUFFEE, MAYOR

Thirty-Eighth Annual Report  
OF THE  
CITY OF ROCHESTER  
NEW HAMPSHIRE

For the Year Ending December 31st  
Nineteen Hundred and Twenty-Nine

ROCHESTER PRINTING COMPANY  
ROCHESTER, N. H.

# INAUGURAL ADDRESS

By Mayor Louis H. McDuffee

---

*Gentlemen of the City Council:*

The year 1929, from the point of view of work accomplished, has been a successful one. The City Government to a man has functioned well, and each man has done all that could be expected of him. The few changes in the personnel is proof that the citizens are satisfied with the results obtained.

As usual, the finances come in for first consideration, and the following report gives an idea of how much money has been handled.

There is one account which has run over its appropriation, and that is the Poor Account. I have checked this account with those of other cities, and find that they have all run over last year.

## HIGHWAY DEPARTMENT

Road building, like other industries, profits from the long established custom of pausing at the close of the year to take stock of what has been accomplished, and to make plans for the future. Some progress along the line of construction has been made, insofar as two and a quarter miles on the East Side Road have been completed. There were 4,000 cubic yards of gravel and 12,000 tons of crushed stone used on the base course. On the Pickering Road 1,500 yards of gravel have been used this year, and in the Spring, as early as possible, the completion of the same is first on our program. Hancock and Chestnut Streets have been hot topped. Much work has been done on the rural

roads, by hauling gravel, etc. The general routine of work requires much time and expense. There have been 25 miles of bushes cut along the highways. The efforts of the Department this year should be the improvement of Pine, Granite, Glen, Sheridan, Spring, Portland, Heaton, and South Main Streets, and last, but not least, Washington Street.

### THE PUBLIC SCHOOLS

I have visited on several occasions the public schools. It seems to me that the discipline in the schools of today is much better than when I attended school. The instruction seems to be under capable and efficient leaders. More repairs on the school buildings have been made than for several years. Our school buildings should be kept in first class condition. The executive management of the school department is very satisfactorily handled. I have examined the records of several of our high school graduates who are attending post-secondary institutions, and I am well satisfied that the instruction given in the high school is above the average. It costs money to run the schools, but it is a wise investment for any city. I am convinced that our next school building program should consist of an eight-room building at Maple Street and a gymnasium on the present high school lot. Both of these projects should be constructed in the near future.

### LIBRARY

The library is closely allied to the school. Many books have been added, and new shelves built. In the course of a year, more room will be needed.

### POLICE DEPARTMENT

Our police department has been working very satisfactorily. There have been less police court penalties than for some years past. I am sorry to say that during the year we suffered a real loss in the death

of Eugene Luneau. The police auto has been in use for four years, and I think it is time to make a change. I hope this year our men will appear in new uniforms.

### FIRE DEPARTMENT

We have been very fortunate in regard to fires the past year. Very few bell alarms have occurred, and what fires we had were promptly taken care of with the least possible loss. The fire station has been entirely renovated, and the men's quarters made comfortable. It is only a matter of a few years before some of the fire fighting apparatus has to be changed.

### PARKS

The parks have had very little done to them during the year. The common has been cleaned up and that is about all. During the year 1930 the dump on River Street should be cleaned up, grassed over, and a rail fence erected. This dump, which is visible from the Main Street Bridge, has been an eyesore, and it should be eliminated.

### WATER WORKS

It is very gratifying to me to say that we have so successfully passed a year, which according to reports from many sections of the country, was one of the worst ever experienced in water works history. Nearby towns exhausted their water supply, wells in the farming districts went dry, and people were obliged to procure water in any place available. In our case, during the month of September, we were on the verge of stopping all unnecessary use of water, owing to the low water level, but through the efficient management of our water system, we were carried through safely. For the benefit of all within our city, I want to say that after fully considering the water situation, there were purchased extra water rights and when these privi-

leges are fully developed, Rochester will have an ample supply of water, both in quality and quantity, to meet all requirements for many years to come.

### SURFACE SEWERS

The surface sewers on Heaton and Knight Streets should be relaid, or new sewers put in, as these sewers on both streets have ceased to function for several years.

With a business having a turnover of five hundred thousand dollars a year, or ten thousand dollars a week, employing throughout the year from eighty to one hundred forty people, it is easy to find plenty to do, and even by using the best effort possible, the individual desires of each citizen could not be satisfied. I find that the Mayor's job is not simply signing his name, but it will take all the time he will give to it.

# IMPORTANT RESOLUTIONS AND ORDERS

---

Passed by the City Council

---

## RESOLUTION TO HIRE MONEY IN ANTICIPATION OF TAXES

*Resolved by the City Council of the City of Rochester:*

That the Committee on Finance be authorized to hire on note or notes of the City a sum not exceeding \$100,000.00 in anticipation of taxes, said notes to be hired at such times and taken up at such times as the balance in the treasury will permit.

Passed Feb. 5, 1929.

## RESOLUTION TO PROVIDE FOR EXTRA WORK IN THE ASSESSORS' OFFICE

*Resolved by the City Council of the City of Rochester:*

That the Mayor be authorized to have special work done in the Assessors' Office that in his judgment will be a benefit to the City in the working of said Department, the same to be paid for from the annual appropriation for the Salary Department.

Passed Feb. 5, 1929.

RESOLUTION FOR THE PROVISION OF A  
GYMNASIUM

*Be it Resolved by the City Council of the City of Rochester:*

That whereas there is a growing demand and need of a gymnasium for the proper development of the young people of this city,

That: by reason of said public demand and need, be it resolved that a Committee be appointed by the Mayor to consist of three members from the School Board of the said City of Rochester, three members from the City Council of said City of Rochester, the Superintendent of Schools and the Mayor, to ascertain if the public demand and need is sufficient to justify the necessary steps being taken to bring about the building of said gymnasium.

Passed Feb. 5, 1929.

RESOLUTION OF APPROVAL OF HOUSE BILL  
NO. 289 WHICH PROVIDES FOR STATE AID ON  
ROAD EXTENDING FROM THE STATE  
ROAD AT ITS JUNCTION WITH WHITE  
HALL ROAD TO THE SALMON FALLS  
ROAD AND VIA SALMON FALLS ROAD  
TO THE STATE OF MAINE LINE

*Resolved by the City Council of the City of Rochester:*

That we approve of the passage of House Bill No. 289 being a bill to procure state aid on the White Hall Swamp and Salmon Falls Roads from the junction with the State Road on South Main Street to the State Line at Berwick, Maine.

Passed March 5, 1929.

## RESOLUTION TO RAISE MONEY WITHIN THE SPRINKLING PRECINCT

*Resolved by the City Council of the City of Rochester:*

That there be raised by taxation within the sprinkling precinct the sum of twenty-five hundred dollars in accordance with the act of the Legislature creating said precinct.

Passed March 5, 1929.

## RESOLUTION OF ANNUAL APPROPRIATION

*Resolved by the City Council of the City of Rochester:*

That for the support of the various departments of the City of Rochester for the year 1929 there be raised by taxation the sum of two hundred eighty-one thousand and eight hundred dollars and the Assessors are directed to raise that amount with such overlay as may be found necessary.

Passed March 5, 1929.

## AMENDMENT TO ORDINANCE FOR CLOSING OF HIGHWAYS

*Be it Ordained by the City Council of the City of Rochester:*

That Chapter XI on Highways, be amended by adding thereto Sections 7, 8, and 9 as follows:

Sec. 7. The Street Commissioner and the Committee of the City Council on Roads, Bridges and Drains, are hereby authorized to prohibit the use of any or all highways by horsedrawn vehicles on four wheels of over two and one-half tons gross weight, (vehicle and load); and to prohibit the use of any or

all highways by all motor vehicles of over six tons gross weight (including vehicle and load); and by motor vehicles of six tons and under not having a width of tire on each rear wheel equal or greater than those listed below for the gross weight (vehicle and load).

Gross Weight	Width of Each Rear Tire
6 tons	10 inches
5½ “	9 “
5 “	8 “
4½ “	7 “
3½ “	6 “
3 “	5 “
2½ “	4½ “
2 “	3½ “
1½ and under	3 “

for and during such times of the year as the said Street Commissioner and the Committee on Roads, Bridges and Drains, shall determine that said highways are unsuitable for travel thereon by said vehicles.

Sec. 8. The Street Commissioner shall cause to be posted on all highways so regulated in two or more public places, notices of the regulations relative to the use of said highways.

Sec. 9. Any person violating the provisions of these regulations shall be fined not more than one hundred dollars, and shall also be liable for all damages occasioned thereby.

#### AMENDMENT TO ORDINANCE, RELATING TO THE SALARY OF THE OVERSEER OF THE POOR

*Be it Ordained by the City Council of the City of Rochester:*

That we amend Paragraph 23, Section 1 of Chapter XXIV of the Revised Ordinances of the City of

Rochester, by striking out the word "four" in the first line of said paragraph, and inserting in place thereof the word "six," so that said paragraph as amended, shall read as follows:

The Overseer of the Poor, six hundred dollars, payable quarterly from the salary department.

All Ordinances and parts of Ordinances inconsistent with this Ordinance are hereby repealed, and this Ordinance shall take effect upon its passage.

Passed April 2, 1929.

RESOLUTION TO PROVIDE FOR SEWER CON-  
NECTIONS FOR HOUSES ABUTTING ON  
FRONT STREET

*Resolved by the City Council of the City of Rochester:*

That the Committee on Water Works and Sewers be authorized to do all things necessary to provide for an outlet into the main sewer on Heaton Street for houses abutting on Front Street and to make arrangements with Mrs. Frances Mooney for a right of way across her property located at 13 Heaton Street.

The amount of money to be paid for said right of way not to exceed \$150.00, and to be charged to the abutters receiving the benefit of said sewer connection.

Passed May 7, 1929.

RESOLUTION TO PURCHASE LAND FOR  
STRAIGHTENING EAST SIDE TRUNK  
LINE

*Resolved by the City Council of the City of Rochester:*

That the Committee on Roads, Bridges and Drains recommend to the Purchasing Committee the purchase

of a small tract of land bordering on the East Side Trunk Line for the straightening of said highway.

The amount of said land is as follows:

From Henry Greenfield, .05 acres; Will Otis, .15 acres; Henry Felker, 1.08 acres; Charles Torr, .41 acres on east side; Charles Torr, .44 acres on west side with pines; John Greenfield, .013 acres.

For a sum not exceeding \$250.00 to be paid from any money not otherwise appropriated.

Passed May 4, 1929.

#### RESOLUTION TO PROVIDE FOR CROSSING SIGNALS

*Resolved by the City Council of the City of Rochester:*

That we approve of the request of the Boston & Maine Railroad for permission to install highway crossing signals at the following crossings in the City of Rochester, to wit:

Summer Street, Autumn Street, Winter Street, Lowell Street, Hancock Street, Spaulding's Crossing near Hayes in North Rochester, Gonick and East Rochester Crossings of the Worcester, Nashua & Portland Divisions. All other crossings where there is now a flagman or gates shall be maintained by said Boston & Maine Railroad.

Passed June 4, 1929.

#### RESOLUTION TO REPLACE A SEPTIC TANK BY SEWERAGE IN COCHECO RIVER NEAR FOWNES' MILL

*Be it Resolved by the City Council of the City of Rochester:*

That whereas there is a public demand for bathing in the Cocheco River at the "Swimming Hole," so-

called, in Snow Park and whereas many children have been and are now using the same for bathing and whereas sewerage is now being discharged into said river above said "Swimming Hole" from a septic tank near Fownes' Mill.

Now therefore be it resolved that the Committee on Sewerage be and hereby is empowered to construct a sewer pipe line from said septic tank through Snow Park to a point in said river south of and below said "Swimming Hole."

Said Committee is authorized to expend in the construction thereof such sum as may be necessary up to, but not exceeding \$1,500.00.

Said sum necessary to build said pipe line as above set forth to be taken from moneys not otherwise expended.

Passed June 4, 1929.

#### RESOLUTION TO HIRE IN ANTICIPATION OF TAXES

*Resolved by the City Council of the City of Rochester:*

That the Committee on Finance be authorized to hire a sum not exceeding \$50,000.00 in anticipation of taxes to be hired on notes of the City, said notes to be issued at such times and taken up at such times as the balance in the treasury will permit.

Passed June 4, 1929.

#### RESOLUTION TO INCREASE ANNUAL APPROPRIATION

*Resolved by the City Council of the City of Rochester:*

That the Appropriation for County Tax in the Annual Budget be increased \$5,283.89, five thousand two hundred eighty-three dollars and eighty-nine cents,

to take care of the warrant for said County Tax received since the Appropriation was made, on March 5, 1929.

Passed June 4, 1929.

## RESOLUTIONS TO PROVIDE FOR VACATIONS

*Resolved by the City Council of the City of Rochester:*

That the officials of the Police and Fire Departments be granted a vacation of one week with pay, the time of such vacations to be under the supervision of the heads of the Department.

Passed July 2, 1929.

## AMENDMENT TO ORDINANCE RELATING TO SALARY OF BOARD OF ASSESSORS

*Be it Ordained by the City Council of the City of Rochester:*

That Paragraph 25 of Sect. 1 of Chapter XXIV of the Revised Ordinances of said City of Rochester be amended by striking out the whole of said Paragraph and inserting in place thereof the following:

The Assessors of Taxes one hundred fifteen dollars per month from August 1, 1929 to January 1, 1930, and the Clerk of said Board one hundred thirty-five dollars per month from August 1, 1929 to January 1, 1930 and thereafter,

Each, eight hundred dollars per year except the Clerk who shall receive nine hundred dollars per year. Said Board shall be in session at its office in Rochester City Hall for the accommodation of the public every day (Sundays excepted) during the first two weeks of the month of April from 8 A. M., to 5 P. M. and said office shall be open and one or more members of said Board shall be in said office Saturday evenings of

said period from 7 to 8 o'clock P. M. Said Board shall be in session at said office during the last Saturday of each month during the year and one or more members of said Board shall be in said office on said Saturday evening from 7 to 8 o'clock when said office shall be open for accommodation of the public. Said Board shall also assist in special canvass for Poll Tax Payers and Dog Licenses, when such is authorized by vote of the City Council. Said annual salary shall be in full for all services, and shall be payable monthly from the Salary Department.

All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed and the second section shall take effect January 1, 1930.

Passed July 2, 1929.

## AMENDMENT TO ORDINANCE RELATING TO TRAFFIC

*Be it Ordained by the City Council of the City of Rochester:*

That Section 2 of Chapter XIV be amended by striking out the following words from the ninth and tenth sentences of said section to wit: "Close to the curb, facing in the direction they are proceeding," so that said section as amended will read as follows:

Sect. 2. Drivers of all vehicles of every description shall keep to the righthand of the center of the streets in the compact part of the City and drive at a rate of speed that is safe and reasonable; at all intersections or crossings of ways they shall keep to the right of the intersecting centers of both ways when turning either to the right or left, and shall bring said vehicle to a stop only on the right hand side of the street. Drivers of motor vehicles shall give timely warning with bell, horn or other device on approaching

intersecting ways and shall not make any unreasonable noise at any time by cutting out of the muffler or otherwise, or permit an unnecessary amount of smoke or unburnt gases to escape from said vehicle.

To further amend Chapter XIV by adding a new paragraph to be known as Sect. 3 and by renumbering present Section 3 to read Section No. 4 and renumbering present Section 4 to read Section 5, said Section 3 to read as follows:

Sec. 3. No person having control or charge of any vehicle shall allow the same to stand on South Main Street, North Main Street or Hanson Street so as to obstruct the free passing by the public upon said highways, but shall place said vehicle when standing the same on Hanson Street, close to the curb and parallel therewith facing in the direction in which they are proceeding, and on the driver's righthand side thereof. And on North Main Street between Central Square and the Bridge over the Cocheco River, and on South Main Street and the Crossing over the Boston and Maine Railroad shall place said vehicles at an angle of about forty-five degrees with the righthand curbing facing in the direction in which they are proceeding, and close to said curbing.

All vehicles on Union Street shall be brought to a stop on said Union Street before entering Wakefield Street from Union Street, and before entering North Main Street from Union Street;

All vehicles on Summer Street shall be brought to a stop on said Summer Street before entering Wakefield Street from Summer Street;

All vehicles on Hanson Street shall be brought to a stop on said Hanson Street before entering Central Square from Hanson Street;

All vehicles on Congress Street shall be brought to a stop on said Congress Street before entering Central Square from Congress Street;

All vehicles on Portland Street shall be brought to a stop on said Portland Street before entering South Main Street from Portland Street;

All vehicles on Liberty Street shall be brought to a stop on said Liberty Street before entering South Main Street from Liberty Street;

All vehicles on Knight Street shall be brought to a stop on said Knight Street before entering South Main Street from Knight Street;

All vehicles on Bridge Street shall be brought to a stop on said Bridge Street before entering North Main Street from Bridge Street.

To amend Sect. 4 renumbered to read Sect. 5 by striking out the whole thereof and in its place inserting the following:

Sect. 5. Any violations of this chapter shall be punishable by a fine not exceeding twenty dollars.

Amended:

All vehicles on Academy Street shall be brought to a stop on Academy Street, before entering South Main Street from Academy Street;

All vehicles on Knight Street shall be brought to a stop on Knight Street before entering Charles Street from Knight Street;

All vehicles on Winter Street shall be brought to a stop on Winter Street entering South Main Street from Winter Street.

Passed Sept. 3, 1929.

## RESOLUTION TO HOLD BOXING MATCHES

*Be it Ordained by the City Council of the City of Rochester:*

That boxing bouts may be held within the City of Rochester by any person, club or association, who shall have complied with the provisions of the Laws of the State of New Hampshire, Chapter 132, of the Laws of 1929.

Passed Oct. 1, 1929.

## RESOLUTION TO HAVE STOP SIGNALS RATIFIED

*Be it Resolved by the Honorable Mayor and City Council of the City of Rochester:*

That the action taken by the City Council in voting the rescinding of the ordinance reference to stop signals on certain streets be and hereby is rescinded, and the action of said Council in adopting said Ordinance is hereby ratified and confirmed.

Passed Oct. 1, 1929.

## RESOLUTION AS TO DISCOUNT PERIOD

*Resolved by the City Council of the City of Rochester:*

That the action of the Board of Assessors, in extending the discount period one month for giving discount on taxes, be hereby indorsed, and the tax collector is hereby indorsed for allowing said discounts.

Passed Oct. 1, 1929.

## RESOLUTION TO PAY JOSEPH MICHAEL DAMAGES

*Be it Resolved by the City Council of the City of Rochester:*

That twenty-five hundred dollars be paid to Joseph Michael in full settlement of all claims for damages and injuries received by him in an automobile accident had on the Concord Road on August 21, 1927, by reason of driving over a defective culvert, said sum to be paid from moneys not otherwise appropriated.

Passed Nov. 5, 1929.

## RESOLUTION TO REVISE WATER RULES

*Resolved by the City Council of the City of Rochester:*

That the Committee on Water Works and Sewers with the Superintendent be authorized to draw up a new set of rules for the operation of the Water Department, and present a draft of said rules at the December Meeting of the City Council.

Passed Nov. 5, 1929.

## RESOLUTION TO FURNISH POLICE UNIFORMS

*Be it Resolved by the Honorable Mayor and City Council of the City of Rochester:*

That the City of Rochester shall hereafter furnish to the City Marshal, Assistant Marshal, and regularly employed police officers all uniforms and equipment required by them in the discharge of their duties as Marshal, Assistant Marshal and police officers, but in no event shall there be expended in any one year for said uniforms and equipment more than one hundred

dollars per officer. Said uniforms and equipment to be purchased upon the recommendation of the City Marshal.

Amended to read as follows:

This resolution to take effect Jan. 1, 1930.

Passed Dec. 5, 1929.

## RESOLUTION ON THE DEATH OF EUGENE LUNEAU, NIGHT WATCH

*Be it Resolved by the City Council of the City of Rochester:*

Eugene Luneau became a Member of the City Council in January 1923, serving continuously until he resigned his seat Feb. 7, 1928 to become a Member of the Police Force.

During his term of five years, he was appointed to important Committees and was held in the highest esteem by the co-workers in the City Government.

At the time he tendered his resignation Mayor Corson publicly thanked him for his five years' service as Councilman and for his faithful and efficient work as a Member of the Committee on Claims and Accounts.

He continued this service as Night Watch for the City and his fellow policemen feel that they have met with a real loss by his early death.

In conformity with the wishes of the City Council I will offer the following resolution:

That in the death of our esteemed friend and co-worker, Eugene Luneau, the City Government and the community have met with a real loss for which we extend to the bereaved family our sincere sympathy in this hour of sorrow.

Let the life of this kind husband and father be a comfort to them in years to come and may the hand of prosperity look kindly on these young lives as they grow into manhood and womanhood.

Be it further resolved that a copy of this resolution be spread upon the records and a like copy sent to the bereaved family.

Respectfully,

FRANK E. HUSSEY,

City Clerk.

Passed Nov. 5, 1929.

#### RESOLUTION FOR PRINTING CITY REPORT

*Resolved by the City Council of the City of Rochester:*

That the Committee on Printing be authorized to take all steps necessary for the printing of the 1929 Report of the City, so that said report may be placed on its way for completion.

Passed Dec. 5, 1929.

#### RESOLUTION TO TRANSFER BALANCES

*Resolved by the City Council of the City of Rochester:*

That if found necessary in closing the accounts of the year to transfer from a department where there is a balance to a department where there is a deficit the Committee on Finance be authorized to make such transfer.

Passed Dec. 5, 1929.

Respectfully submitted,

ISAAC W. RANKIN,

Marshal.

# REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT

---

*To the Honorable Mayor and City Council:*

On rendering my report of the Fire Department for the year ending December 31, 1929, I would state that we have been very fortunate in not having many serious fires, but we may not always be as fortunate, therefore it stands us in hand to be prepared for whatever emergency may arise by having up-to-date equipment.

There have been 16 bell alarms, 176 still alarms, mostly chimney fires, 40 brush and forest fires in the City proper; 6 bell alarms, 6 still alarms, 3 brush and forest fires at East Rochester; 3 bell alarms, 11 still alarms, 3 brush and forest fires at Gonic; making a total of 264 alarms for the year.

Out of town calls: April 9 we assisted Lebanon, Maine, in its fire, and December 31 call to New Durham.

The amount of property involved in fires is as follows:

Value of buildings,	\$244,225 00
Insurance on same,	682,320 00
Losses paid,	7,172 08
Value of contents,	707,286 00
Insurance on same,	639,286 00
Losses paid,	5,503 79

This year the City has finished the large room, unfinished in the Central Fire Station which will be used for banquets and meeting room.

I will recommend that the City purchase another pumping car with a booster pump on it. We can see that a pump of this kind would be a great help in the farming district.

The Reo truck should be painted this coming year.

I will recommend that the City purchase another electric siren to be placed on Portland and South Main Streets.

In behalf of the Fire Department I will take this opportunity to extend our sincere thanks to all those who have been so kind and have given to the Department to show that they appreciate its good work.

In behalf of the Board of Engineers I will take this opportunity to extend our sincere thanks to all the Officers and Members of the Fire Department for the promptness in which they have discharged their duties during the past year.

In conclusion I will take this method to thank the Mayor and Fire Committee and Members of the City Council for what they have done for the Fire Department during the year just ended.

Respectfully submitted,

JOHN F. NUTE,

Chief Engineer of the Fire Department.

# REPORT OF CITY SOLICITOR

---

*To the Honorable Mayor and City Council of the City  
of Rochester:*

At the beginning of the year 1929 there was pending one action against the City, that being brought by Joseph Michael to recover for injuries received while travelling over the State Highway from Rochester to Concord, by passing over a defective culvert. This action has been settled by agreement of the parties.

The business of the several departments of the City Government have been efficiently handled. No legal entanglements have been encountered which could not be disposed of in a businesslike manner. Much money has thereby been saved and the public good will has been retained.

There are no actions now pending before our Courts in which the City of Rochester is a party.

Respectfully submitted,

GUY SMART,

Solicitor.

# REPORT OF BOARD OF HEALTH

---

*To the Honorable Mayor and City Council of the City  
of Rochester:*

We herewith submit our report for the year ended  
Dec. 31, 1929.

Number of contagious or infectious diseases reported,		83

# REPORT OF LIBRARY TRUSTEES

---

*To the Honorable Mayor and City Council:*

Gentlemen:—The Board of Trustees of the Rochester Public Library respectfully submit to you the thirty-sixth annual report of the trustees, together with the reports of the librarian and treasurer for the year 1929.

During the year the congested condition of the library has been somewhat relieved by the construction of two stacks in the basement; however this relief is only temporary. Books and bindings deteriorate rapidly in such housing. Again the trustees urge the council to provide for an addition to the present building. In this way only can the many valuable books, pamphlets and periodicals be permanently saved and be made accessible to library patrons.

The expenditure of the appropriation made by the city council, and the revenues from the trust funds can be found in detail in the librarian's report. It will be seen that the moneys have been expended with care and good judgment.

Through the aid of the Manual Training department of the High School the reference room has been made more attractive and useful by the addition of a number of book shelves.

The trustees recognize that the usefulness of the library is primarily due to the ability and conscientious service of the Librarian and her associates.

For the Trustees,

JOSEPH F. SWEET,

December 31, 1929.

Secretary.

## REPORT OF LIBRARIAN

---

*To the Board of Trustees of the Rochester Public Library:*

Gentlemen:—By means of the monthly reports submitted to you and the weekly library notes requested by the local papers you have been able to keep in close touch with the outstanding events of the library year. It is necessary however at the end of each year to sum up all important data for the purpose of comparison and future reference. I therefore present to you a report of the year 1929.

That the library means more to the people than a place to obtain the latest and most popular book has been demonstrated by the fact that, 74,224 books have been given out and only 477 new books added. The outlay in money was \$687.69. 119 of the number purchased cost less than \$1.00, the balance, even with the liberal discounts allowed by the dealers, deducted, have cost from \$1.40 to \$12.56 per volume.

Of the books purchased, three were paid for from the interest of the Abbie McDuffee Chase fund and thirty-nine from the interest of the Jennie Farrington fund.

Library friends have been generous and 223 books have been added by their gifts; 64 volumes have been added by binding magazines and one volume which was reported lost in a previous report has been restored. This makes the total additions 785. Books wear out in spite of constant care and 136 have been discarded because past use; 11 have been lost or destroyed by

patrons making a loss of 147 and the gain for the year 618. The library contains, after deducting all losses, 27,887 accessioned volumes.

It has been said that, "the distribution of books is even more important than creating them." That, "the wise distribution of books knits not only nations and states but individual communities together." "Print brings international spirit but distribution unity."

Of the 74,224 books given out 18,990 were given out from the Children's Room; 1,454 from the East Rochester Agency, and 787 from Gonic. The total circulation shows the small increase of 77 over last year.

The Children's Room has suffered many changes in the attendant in charge but the circulation shows an increase of 616 over last year and 4,058 readers have been counted in the room. The story hour was the special feature during the winter as was the Vacation Reading Contest for the summer. In this contest 12 young people won diplomas by reading six or more specially selected books. Children's Book Week in November was observed merely by exhibition of books, posters recommending good reading and interesting curios. More books have been purchased for the children than for several years. The books in this room are in a deplorable condition. Several hundred dollars could be spent to good advantage in this department replacing books too badly worn to be usable or readable.

It is to be regretted that the Gonic Agency has been closed, even temporarily. So many of their adult readers take books at the main library and so many of the young readers made it difficult for the librarian in charge that it seemed advisable.

The East Rochester Agency has continued as usual with the necessary reports and exchanges of books. Mrs. Nora Elliott who has charge of this agency is most methodical and painstaking.

Miss Allen of Walnut Grove continues to look after the readers and students of her district although book exchanges have been discontinued. The library has gladly co-operated with her. A few books, too badly worn for constant use, are kept there permanently.

The library has provided the outside reading required by the school pupils from the seventh grade to the senior class at High School and to some extent for the college students; has provided material for the debating teams and a room in which they could study without interruption. The two-session plan at High school leaves less time for reference work but the after school hours are usually rather hectic for the entire staff.

Adults, many of them men, have used the rooms much more. The two or three newspapers provided or donated are in constant use. 13,498 readers and students have been counted. An increase of 259 over last year.

The work of the year has been made difficult by several changes in the library staff. To have an assistant resign after six or more months of training is discouraging, to have one resign after five years of active service is a disaster.

The constant use of books wears them out and entails hours of repairing each week. Often a book which comes back from the bindery with the report "too bad to bind" has been given a longer life by inserting typewritten pages and giving it a temporary binding. You will find many old books tied with red tape. This is not a decoration but signifies that a book too badly worn to be mended may still circulate a few times.

It is something of a problem to select books for the library today. So many books are needed and there is

so little money. To steer the selection of the books which can be purchased through the strange flare in literature, temporary though it may be, and offend neither the wise nor the foolish and yet provide something beside the food for babes for the intelligent reader demands a continual study of book reviews.

A new registration of library patrons added to the confusion of the early part of the year. The public have been most kind and very patient at the delay caused by signing a new registration blank and receiving a new library card. 2,305 new cards have been given out.

Someone has said that one of the great factors to improvement, individual, social or institutional, is creative discontent. Discontent with things as they are and the impulse to make them what they ought to be. All who are interested in carrying on the work of the library are overwhelmed with discontent because of the things which it needs. It needs more room to take care of the library interests of the people. It needs more shelving to take care of the books. It needs more money for books.

It is an unwritten law that a library should have an income of at least \$1.00 per capita. Is not each citizen of Rochester entitled to his dollar in the library budget? Think of the unending circles which would be set in motion if each of these dollars were dropped into the never ceasing flow of supply and demand.

In spite of the discouraging problems there have been many pleasant things during the year. The interest manifested by the people; the kind things said and done; the notes of appreciation for services rendered; the gifts to the library; the flowers to brighten the rooms; the interesting visitors; the fact that with a circulation of over 74,000 not one book was unaccounted for in the inventory of May and that only

one issue of the several thousand unbound magazines handled was lost have encouraged the library staff.

It is a pleasure to speak of the valuable assistance given by the two young ladies who for ten years have faithfully co-operated in the work of the library. I would suggest at this time that with your permission the title of assistant-librarian be given to Miss Foss and Miss Baril in appreciation of over ten years of faithful service.

I wish to express my sincere appreciation to all who have helped to carry on the work of the year, to the trustees for their kindness and encouragement and to Mr. Copp, the treasurer, who looks after the finances so faithfully.

Respectfully submitted,

LILLIAN E. PARSHLEY,

Librarian.

Rochester, N. H., December 31, 1929.

## STATISTICS FOR 1929

---

Population of Rochester according to the census of 1920,	9,037
Terms of use. Free to residents.	
Number registering for a new library card in the new registration begun January 1, 1929,	2,305
Number of accessioned volumes in the library January 1, 1929,	27,269
Number of books purchased from the general fund,	435
Number of books purchased from the Jennie Farrington fund,	39
Number of books purchased from the Abbie McDuffee Chase fund,	3
Number of volumes added by binding magazines,	64
Number of volumes reported lost and restored,	1
Total number of volumes donated,	223
Total number of volumes added,	765
Number of volumes worn out and discarded,	136
Number of volumes lost or destroyed by patrons,	11
Total loss,	147
Net gain for the year,	618
Number of accessioned volumes in the library December 30, 1929,	27,887
Number of days open for circulation,	296
Number of books given out,	74,224
Increase over last year,	77

## CITY OF ROCHESTER

139

Average daily circulation,	254
Largest number of books given out in one day,	686
Smallest number,	104
Number of volumes given out from children's room,	18,990
Increase over last year,	616
Largest number any one day,	157
Number of volumes given out to teachers for school work,	688
Number of pamphlets, unbound magazines and pictures circulated,	4,644
Number of standard fiction circulated,	1,468
Number of books and magazines charged for use in rooms,	1,455
Number of volumes sent to agencies,	1,624
Number of volumes sent to Gonic Agency,	800

(Gonic Agency closed October 1st.)

# REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the Members of the School Board:*

I wish to present to you and to the citizens of Rochester the annual report concerning the public schools of this city. This report is the thirty-eighth in the series and the seventh that I have prepared.

Schools are continually changing in curricula, methods, and management. If this were not so the educational system of a community would soon lose the support and confidence of the people. In Rochester changes are being made. The curricula is now being revised by the State Board of Education. During the year several textbooks have been introduced, bringing into use more scientific material.

One of the most important problems that confronts the high schools is the increased scholastic demands that the post-secondary institutions are making. Many colleges and other post-secondary institutions do not admit students who are not in the upper half of their class or who have not secured an average rank of 85% for four years.

The high schools will constantly face teaching adjustments to meet these requirements that come into life with what we call progress. The high school curricula, however, must not lose sight of the large per cent. of pupils who complete their training at the end of the high school course.

At the Rochester High School the Commercial, Domestic and Mechanic Arts courses are suitable for those who wish to enter the business field immediately after high school graduation.

The following changes have been made in the teaching staff:

### HIGH SCHOOL

Resigned	Elected
Lewis E. Holden	John R. Monroe
Elden G. Barbour	Eugene Maxam
Marion A. Earle	Beatrice Ham
Guy O. Edmunds	Harold Hanson
Margaret Jenness	Carolyn H. Ricker
Rodger M. Tolman	Harry R. Grierson
David Webb	John Richardson (Coach)
Additional Commercial Teacher	Frances Bailey

### ELEMENTARY

Alice M. Ludden	Arline Bessey
Melissa H. Jacobs	Isabelle M. Varney
Nellie A. Keach	Violet M. Davis
Edith M. Forsyth	Ethelyn Kelley

Several of the resignations were due to the professional opportunities offered these teachers in other states. Miss Ludden has temporarily entered the business profession in this city, Miss Forsyth and Miss Jacobs were married, Mr. Webb was elected Physical Director at Keene Normal School, and Mr. Edmunds accepted the submastership at Dover High School.

The teachers who left the state are receiving a much higher salary. Should not Rochester find some way to pay more salary to the superior teacher? Your superintendent recommends that the 1930 School Board consider ways and means of keeping the superior teacher in Rochester.

The State Department of Education gave the following report (1928-1929) concerning Rochester High School:

		Av. for State
Total enrollment,	360	
Per cent. of boys,	43	47.6
Per cent. left school,	13	11.5
Per cent. failed in one course,	4	8.3
Per cent. failed in more than one course,	2	7.5
Per cent. of attendance,	95.8	95.3
No. of tardinesses per pupil,	.8	.9
Per cent. of recent graduates not previously included, entering an educational institution,	51	58.9
No. of pupils per teacher,	21	16
Per cent. of graduates to class at entrance Grade IX,	48	60
No. of graduates in 1929,	64	
No. half days attendance,	355	354.7

It is gratifying to know that the per cent. of attendance and the small number of tardinesses were less than the average for the state.

The report further stated that Rochester had a larger per cent. of eighth grade graduates entering high school than the average high school of the state.

Rochester was given honorable mention for offering instruction in supplementary material connected with the basal courses.

The leadership at the high school is efficiently managed by Headmaster Fraser. Under his direction are fifteen teachers who have excellent training for their work.

The grades our high school graduates are receiving at the colleges and post-secondary schools have in most cases been above the average for the marks given

in these schools. This goes to show that the instruction received by the Rochester pupils is of an excellent quality.

Excellent reports have been received from Dartmouth, Middlebury, Simmons, and the University of New Hampshire pertaining to the scholastic work of several of our graduates.

The following teachers attended a 1929 summer school:

Elden G. Barbour, Bates College.

Dorothy F. Blaisdell, Bates College.

Mabelle C. Coleman, University of New Hampshire.

Lenora Edgecomb, Keene Normal School.

Laura S. Elms, Keene Normal School.

Helen E. Foss, University of New Hampshire.

Elwood S. Fraser, Bates College.

Bernice E. Frye, Keene Normal School.

Beatrice Ham, Bates College.

Ellen L. Hart, University of New Hampshire.

Bernice M. Jordan, Harvard University.

Ethelyn Kelley, Keene Normal School.

Charlotte Leighton, University of New Hampshire.

Grace McD. Meader, University of New Hampshire.

Edith F. Mitchell, University of New Hampshire.

Carolyn H. Ricker, Ecole de Montcel, France.

## ROCHESTER NEEDS A GYMNASIUM

For the past decade the headmasters and superintendents have in their annual reports, advocated the need of a gymnasium. For five successive years the school board has unanimously voted for such a building.

Following are the major reasons for a gymnasium:

1. It has conclusively been proven that a school system cannot meet the educational demands of this day without emphasizing the physical development of the child. (Rochester is the only city in the state that does not provide a building for this training).

2. This building would serve for auditorium purposes as well as for physical training, thereby allowing the present auditorium in the high school to be used for a large study room, or class rooms.

3. The junior high school boys and girls of the city would also have physical training. The Gonic and East Rochester pupils could be transported to the gymnasium for physical instruction.

4. A gymnasium would raise the moral condition of this city. The surplus energy that is a part of a boy's life would be directed along moral channels.

5. The financial condition of the city is such that it will not be any burden upon the taxpayers.

## TEXTBOOKS

It is continually necessary to change textbooks in order to meet the changing educational conditions. We have, during the past year, introduced in the elementary schools new English books, Health books, and Reading book for Grade I. In the high school new Chemistry and Latin Books for Grade X were introduced. Several supplementary books in History and Domestic Arts have been added.

The coming year it will be necessary to change the History books in Grades VII and VIII, and secure new

reading material for Grades I-III. At the high school a change in Latin books for Grades IX and XI are needed.

## ROCHESTER SCHOOL COSTS

We are told by some people that the Rochester schools cost too much. Is this true?

It is stated, and I believe it is true, that on the average every time New Hampshire spends a dollar for schools the people of the state spend \$5.55 for passenger automobiles and \$2.44 for a few of our luxuries. Rochester probably spends about the same for such items. Does this indicate that Rochester is placing education on too high a scale of values?

The people of New Hampshire own property valued at about \$1,600,000,000. We have over \$210,000,000 deposited in savings accounts and a total income of \$350,000,000. And we spend less than \$8,000,000 for public schools of all types. The income of the citizens of Rochester must be as high as the average citizens of the state.

The writer is thoroughly convinced that the great majority of citizens of Rochester want good schools. They want every child in Rochester to have an equal chance with other children of the state. Good schools and good homes for every child are inseparable.

## HIGH SCHOOL FUNCTIONS ADOPTED BY SCHOOL BOARD

The School Board approved the following high school functions:

1. Four class socials for the year.
2. Student Activity Association to have one operetta or entertainment during the year.

3. Red and White paper to have four regular issues.
4. Sermon at Commencement in the Opera House.
5. Class Day in the afternoon at the Opera House.
6. Graduation on Thursday evening in the Opera House.
7. High School reception on Friday evening at the Opera House.
8. Junior Prom early in May.
9. Senior banquet to be left with the class.
10. One moving picture for the benefit of the senior class.
11. School exhibition.

## HEALTH

It is gratifying to know that the health instruction offered in the schools is actually improving the health of the pupils. The parents, teachers, school nurse, and pupils are removing many of the physical defects that hinder the mental and physical development of the boys and girls in our schools. Several clinics have been held under the direction of Dr. Kerr, Secretary to the Anti-Tuberculosis Association of New Hampshire. Suspicious cases are carefully diagnosed and recommendations made for treatment of the same.

Several local organizations have assisted the school nurse financially in her work. This assistance has been used to remove adenoids and tonsils; glasses have been secured in a few cases; milk has been furnished undernourished children. Statistics concerning this work will be under the school nurse's report.

## HEATING SYSTEM AT THE HIGH SCHOOL

It becomes necessary to change the heating system at the high school. The present boilers are not large enough to efficiently heat the building and the Vocational building. The piping system is filled with rust and several of the rooms have no system of ventilation. We are using annually two hundred tons of soft coal. Heating engineers state that the building could be heated with one hundred twenty-five to one hundred fifty tons.

Our janitors are compelled in winter to begin work at 4 A. M. and continue until 9 P. M. In very severe weather one man remains through the night.

If a gymnasium should be constructed upon the present lot this should be heated from the central plant. Therefore a heating system should be installed large enough to heat such a building.

## EVENING SCHOOL

Owing to the small registration last year it was deemed unwise to continue the evening school. In 1909 a law was passed requiring all non-English schools to have their instruction in English at least one session per day. Therefore in Rochester we have but few people who can not read, write and speak in the English language. Then, for the past few years, we have had very few foreign-born, between sixteen and twenty-one years of age, enter our city.

REPAIRS THAT HAVE BEEN MADE DURING  
THE YEAR

## HIGH SCHOOL

1. Floors in two corridors relaid.
2. Tinted upper corridor.

3. Boilers repaired.
4. Varnished seats in two rooms.
5. Erected flagpole.

## ALLEN SCHOOL

1. Cement walk was made in front of building.

## SCHOOL STREET SCHOOL

1. Shingled the building.
2. Constructed a retaining wall.
3. Graded grounds in rear of building.
4. Wired one room.
5. Made a few minor repairs.

## MAPLE STREET SCHOOL

1. Only minor repairs were made.

## GONIC SCHOOL

1. Relaid water pipe from building to street.
2. Varnished and buffed desks in several rooms.

## EAST ROCHESTER SCHOOL

1. Installed up-to-date toilet fixtures.
2. Relaid water pipe from building to street.

## REPAIRS NEEDED TO BE MADE

## HIGH SCHOOL

1. Tinting of corridors and several rooms.
2. Varnishing and painting.
3. Cement walk around the building.

## ALLEN SCHOOL

1. Electric lights.
2. Painting building on the inside.
3. Relaying water pipe to street.

## SCHOOL STREET SCHOOL

1. Leveling and smoothing of grounds.
2. Electrical wiring of additional rooms.

## MAPLE STREET SCHOOL

1. It is not wise to make any major repairs on this building.

## GONIC SCHOOL

1. Tinting and varnishing.
2. Grading the grounds in the rear of the building.

## EAST ROCHESTER SCHOOL

1. Tinting and painting.
2. Repairing roofs over porches.

## DO YOU KNOW?

1. That the elementary teachers have had an average of  $12\frac{1}{2}$  years of teaching experience. Therefore Rochester has a mature group of elementary teachers.

2. That the average salary of women secondary teachers in Rochester is \$1,416, average for the state \$1,307. Average salary of men secondary teachers is \$2,100, average for the state \$1,811.

3. That there are the following number of Rochester High School graduates attending post-secondary schools:

Bates College,	2
Boston University,	1
Colby Junior College,	1
Conn. College for Women,	1
Dartmouth College,	5

Middlebury College,	2
Mount Holyoke,	1
N. E. Conservatory of Music,	1
Newark Teachers' College,	1
Ohio Wesleyan College,	1
Simmons College,	1
Univ. of New Hampshire,	28
Babson Statistical Inst.,	1
Bentley School of Accounting,	1
Bryant & Stratton,	1
Keene Normal School,	2
Lynn General Electric,	1
Plymouth Normal School,	5
Wentworth Institute,	3
<hr/>	
Total,	59

4. That the average rank of the classes for 1928-1929 was :

Grade XII,	81
Grade XI,	82
Grade X,	83
Grade IX,	82

The passing mark is 70%. The above averages are what one will find in the average high school of the state.

5. That only one-half of the pupils graduate who enter high school. This shows that we have a long way to go to meet the needs of all the pupils.

6. That Rochester receives from the Federal Government over \$2,000 per year to assist the Mechanic Arts Department.

7. That the Rochester elementary schools have very little playground equipment. (There is much need for the same).

## THE ANNUAL OVERTURN OF TEACHERS IN THE STATE

Commissioner Butterfield recently sent the following information to the superintendent of schools:

"The table below is complete to October first. It includes all who, having graduated from Normal school or college, are now in their first teaching year, and all who had experience in other states, but none in New Hampshire. The number constitutes about our regular overturn as there has been little change for several years."

### 1929 OVERTURN

	Rural Ele- mentary	Urban Ele- mentary	Junior High	Senior High	Total 1929	1928 Over- turn
N. H. Normals,	111	87	18	32	248	268
N. H. University,	1	0	2	27	30	35
Other Normals,	9	7	0	27	43	43
Other Colleges,	1	4	3	46	54	45
Total Inexperienced						375
N. H. Normals,	0	1	0	0	1	6
N. H. University,	1	1	0	6	8	1
Other Normals,	6	11	0	1	18	19
Other Colleges,	0	0	6	41	47	53
Total Experienced,						74
Total,	129	111	29	180	449	470

## STANDARDIZED TESTS

The following achievement tests were given in October :

## READING

		Rate Comprehension	
Grade 3	Median for Country,	82	3.8
	Rochester,	78.6	2.8
Grade 4	Median for Country,	122	7.7
	Rochester,	101	6.5
Grade 5	Median for Country,	142	9.8
	Rochester,	117	8.2

## ARITHMETIC

Grade 5	Median for Country,	10.2
	Rochester,	9.4
Grade 6	Median for Country,	21.8
	Rochester,	18.1
Grade 7	Median for Country,	33.3
	Rochester,	37.2
Grade 8	Median for Country,	40.5
	Rochester,	46.4

## GEOGRAPHY

Grade 7	Median for Country,	83
	Rochester,	87
Grade 8	Median for Country,	90
	Rochester,	91

In the Gonic School a number of pupils in the lower grades were somewhat handicapped in these tests because of language difficulties. Therefore these teachers are obliged to devote a large amount of time to reading.

These standardized tests are of great value to the teachers in their daily instruction. If a teacher discovers that the class measures below the standard she will then endeavor to change her method of instruction and raise the efficiency of the school.

## LIST OF TUITION PUPILS

January 1, 1930

### HIGH SCHOOL

Lebanon, Maine: Ruby Carpenter, Clarence Colbath, Harrison Leonard, Phyllis Shorey, Richard Shorey, Helen Tebbetts, Merlon Farrell.

New Durham: Leslie Chase, Frank Fowler, Arline Giles, George Jones, Edith Langley, Tracy Laney, Mary Miller, Neil Willett.

Barrington: Raymond Hobson, Lillian Stiles.

Strafford: Evelyn Brock.

Wakefield: Harris Chapman.

### ELEMENTARY

Lebanon, Maine: Dorothy Blaisdell, Vernor Blaisdell, Doris Carpenter, Ernest Carpenter, Lillian Carpenter, Muriel Carpenter, Robert Carpenter, Ruth Carpenter, Everett Gray, Ralph Gray, Robert Gray, Bert Hartford, Lois Hartford, Lyle Hartford, Victor Hartford, Warren Hartford, Barbara Leonard, Brenda McCrillis, Richard McKenney, Norman Pierce, Glenn Walsh, Glennis Walsh, Franklin Walsh, Christine White, Donald Tibbetts.

The tuition rates for 1929-1930 are:

High School: \$87.90 per year.

Elementary: \$42.67 per year.

## COST OF HIGH SCHOOL INSTRUCTION

## Average Cost per Pupil, 1928-29

Berlin,	\$142 18
Concord,	111 08
Dover,	86 99
Franklin,	99 88
Keene,	87 59
Laconia,	154 61
Manchester,	120 25
Nashua,	107 73
Portsmouth,	85 77
ROCHESTER,	87 90
Somersworth,	100 51
Average,	108 60

From the above table it is evident that Rochester is spending less per pupil for instruction than the average city in New Hampshire.

## RECOMMENDATIONS

1. That \$104,000 be appropriated for the support of the public schools. This is the same amount as appropriated for the past three years.

2. That the 1930 Board recommend to the City Council that a gymnasium be erected.

3. That playground apparatus be provided for the elementary schools.

4. That some plan be worked out to recognize the superior teacher.

5. That a special appropriation be made for heating the high school building.

6. That an opportunity teacher be provided for the elementary schools.

## CONCLUSION

It has been a privilege to work with the teachers, pupils, school officials, and citizens of this city another year. I wish particularly to call your attention to the excellent assistance I have received from Mayor McDuffee.

Respectfully submitted,

WILLIAM H. BUKER.

# REPORT OF PRINCIPAL OF HIGH SCHOOL

---

*Mr. William H. Buker, Superintendent of School, Rochester, N. H.:*

Dear Sir:

I herewith submit my annual report as Headmaster of the Rochester High School.

The school has enrolled this year 339 pupils.

## REGISTRATION BY CLASSES

	Post Graduates	Seniors	Juniors	Sophomores	Freshmen	Total
Boys enrolled	2	32	32	35	51	152
Boys left school	0	1	2	2	3	8
Boys in school	2	31	30	33	48	144
Girls enrolled	1	47	45	52	42	187
Girls left school	0	1	4	1	4	10
Girls in school	1	46	41	51	38	177
Total enrolled	3	79	77	87	93	339
Total left	0	2	6	3	7	18
Total in school	3	77	71	84	86	321

## REGISTRATION BY COURSES

	Academic	Commercial	Domestic Arts	Mechanic Arts	Total
Senior Boys	15	6	0	11	32
Senior Girls	8	30	9	0	47
Junior Boys	9	10	0	13	32
Junior Girls	14	26	5	0	45
Sophomore Boys	15	14	0	6	35
Sophomore Girls	17	29	6	0	52
Freshman Boys	23	11	0	17	51
Freshman Girls	6	30	6	0	42
Post-graduate Boys	2	0	0	0	2
Post-graduate Girls	1	0	0	0	1
Total	110	156	26	47	339

## ATTENDANCE

Sept. 2 to Dec. 1	1928	1929
Average attendance	333.7	314.6
Average absence	10.4	10.2
Average membership	344.1	324.8
Per cent. of attendance	96.9	96.7
Number of tardinesses	81	43
Number of dismissals	37	29

Parents cannot realize that a great handicap is placed upon pupils by even a single day of absence or tardiness, otherwise, they would make that extra effort necessary to have their children present on time

very day. A pupil who is absent, tardy, or dismissed more than twice has a very slight chance of being among the better scholars in his class.

Work missed by absence, approved by the principal, may be made up with the assistance of the subject teachers, after the pupil's return to school. Unexcused absence is truancy. Time and work lost due to tardiness, must be made up at the close of the school day. If a pupil has three unexcused absences or three unexcused tardinesses, he is indefinitely suspended and may return to school only after a conference with his parents, or by order of the superintendent or school board.

## WORK OF THE DIFFERENT COURSES

Every September a group of freshmen, coming from all sections of the city, enter the Rochester High School. No two of them have the same ability, environment, education, home or social life, so it is the duty of the school to study each individual as a special case, and to advise him along the lines of health, fundamental processes, worthy home membership, vocation, citizenship, worthy use of leisure, ethical character, and world problems.

Our enrollment this year is 339 pupils. There are 156 Commercial Pupils, 110 Academic Pupils, 26 Domestic Arts Pupils, and 47 Mechanic Arts Pupils.

The first three years of the Commercial Course are devoted to the following classroom studies: English, Commercial Geography, Business Arithmetic, Bookkeeping, Stenography, Typewriting, History, and French. During the senior year the pupils take English, and United States Constitutional History. For the other credits we offer the pupils an opportunity to

do actual office work under a supervisor, both in and out of the school. A record is kept of the office practice work of each pupil. Pupils understand that they will be recommended for employment on the basis of their proficiency in actual office practice. During the senior year a pupil is ranked on the following essentials of office work: Accuracy in taking dictation, making out reports, typing, disposition, promptness, orderliness, housekeeping ability, courtesy in meeting pupils and teachers, and the spirit of helpfulness and effort.

In the Domestic Arts Course, we are able to correlate the work in school with the work in the home. The theory and the practice in the classroom and laboratories in Textiles and Clothing, Foods and Nutritious, Home its Care and Management, and the Family and Its Members, become practice in the home life of the girls. The gowns that are made and the dinners that are served give evidence that the girls are able to put theory into practice.

In our Mechanic Arts Course, due to our well equipped classrooms and shops, we are able to give the boys the theory and practice which will enable them, in the future, to obtain good positions in machine work, electrical work, pattern making, cabinet making, electric welding, and drafting. These positions depend on the boys, and they are given only to those who are willing to work hard and efficiently. Last year the General Electric Company desired to obtain five of our boys, but they did not wish to leave Rochester. The State Department of Labor is also cooperating as a placement bureau. At the present time we are working on a rating scale to be used in recommending boys for employment after they graduate from the Rochester High School.

You will note that 110 pupils are registered for academic work. About 50 of these pupils will enter

post secondary institutions. Some of them are doing work of certification grade. The great majority of them are not. I feel that the time has come when we should give high school pupils more of the type of work that they will receive in college. Our standards of scholarship should be raised, so that all pupils who intend to go to college should receive a grade above 85 per cent. unless they are able to pass a regular college entrance examination in the subject.

We are fortunate in having a group of successful, experienced teachers who know their subject matter. They are doing all that they can possibly do, both in and out of the classroom for the pupils in their classes. The results show that pupils, who really work faithfully each day, are doing satisfactory work. The pupils who do not know how to study are doing unsatisfactory work.

A private school has its pupils all of the time, while we have ours only a small part of the day. The home must cooperate and do its share, that of seeing that its sons and daughters have good study habits, for they are the most essential.

## POST SECONDARY WORK

The following graduates entered post-graduate institutions:

University of New Hampshire: Virginia Andrews, Wilfred Creteau, Beatrice Nutter, Marjorie Young.

Plymouth Normal School: Velana Babb, Bonniel Orr, Almee White, Estelle Winkley.

Middlebury College: Annie Phillips.

Dartmouth College: John Woodman.

Colby Junior College: Esther Towle.

Wentworth Institute: Robert Grant, Elwyn Blaisdell, Kenneth Haselton.

Boston Homeopathic Hospital: Leona Miller.

Gale Hospital: Nora Scahill.

Bryant and Stratton: Pauline Goodwin.

Moses Brown School: Clyde Blackwell.

Tabor Academy: Franklin Bond.

Hebron Academy: Norman Varney.

Stanton Preparatory Academy: Wilson Neal.

Bentley's School of Accounting: James Daggett.

The State Normal Schools at Keene and Plymouth, and the University of New Hampshire accept Rochester High School graduates without examinations for admission. Graduates of Rochester High School are admitted into any college accepting students upon certification. A grade of 85 per cent. is necessary for certification. All of the students who have been certified are doing and have done very satisfactory work in college.

## HONORS

The Dartmouth Medal was awarded to John Woodman, now a freshman at Dartmouth College. The Springfield Scholarship was awarded to Beatrice Nutter, now a freshman at the University of New Hampshire. The Rochester Woman's Club Scholarships were awarded to Marjorie Young and Almee White. Miss Young entered the University and Miss White, Plymouth Normal School. Large Scholarship R's were awarded to Beatrice Nutter, John Woodman, Annie Phillips, Claire Masse, and Cecelia Larochelle.

## STUDENT ACTIVITY

The officers of the Student Activity Association are as follows:

President,	Dick Blanchard
Vice President,	Glen Stewart
Secretary,	Charlotte Palmer
Treasurer,	Mrs. Eva Stevenson
Adviser,	Mr. John Monroe

The following organizations are a part of the Association:

Organizations	Adviser
Red and White,	Mrs. Anna S. Allen
Dramatics, Miss Bernice Jordan,	Mr. Eugene Maxam
Athletics-Faculty Manager,	Mr. John Monroe
Coach,	Mr. John Richardson
Orchestra, Boys' Glee Club, Girls' Glee Club,	Miss Myra Sprague
Hiking,	Miss Bernice Jordan
French Club,	Miss Carolyn Ricker
Latin Club,	Miss Beatrice Ham
Senior Class,	Mr. John Monroe
Junior Class,	Miss Beatrice Ham
Sophomore Class,	Miss Bernice Jordan
Freshman Class,	Miss Carolyn Ricker

Pupil officers carry on the work of the different organizations under the supervision of the faculty advisers.

The Rochester High School enters into inter-scholastic competition under the New Hampshire High School Athletic Eligibility Rules.

# REPORT OF THE TREASURER OF THE STUDENT ACTIVITY ASSOCIATION

Financial Statement, January 1, 1929, to January 1, 1930

I have examined the foregoing account and find the same correct.

J. STACY TRIPP,

Auditor.

---

REPORT TO HEADMASTER E. S. FRASER ON  
MECHANIC ARTS WORK AT ROCHESTER  
HIGH SCHOOL

Dear Sir :

The following is a report of the activities carried on by the Mechanic Arts Department :

ENROLLMENT BY CLASSES

Manual Training, Grade VII,	69
Manual Training, Grade VIII,	58
Cabinet Work, Grade IX,	17
Pattern Making, Grade X,	6
Electricity, Grade XI,	13
Machine Shop Practice, Grade XII,	11
	<hr/>
	174

All boys in Grades VII and VIII in the school system have manual training  $1\frac{1}{2}$  hours per week.

The boys in High School grades have  $12\frac{1}{2}$  hrs. of work in the shop each week. High School boys are also given 6 hours of related work each week which is correlated with their shop activities.

Every effort is exerted to give each boy a thorough training in the fundamental processes, and to develop physical and mental co-ordination. The following is a partial list of projects completed this year:

Dining-room for Domestic Arts Department.

Carpenter work, decorating, and electrical work all done by the boys.

Supply closets for wood shop and machine shop.

Bookcase for office of Vocational Building.

Bookcase for Domestic Arts room.

Filing cabinet for Superintendent's office.

Filing cabinet for drawing room.

Playground equipment for East Rochester school.

Playground equipment for Gonic school repaired.

Machine Shop equipment set in place in basement and completely wired for lights and power.

Two rooms at School street wired for lights.

Drawings, tracing, and blueprints for shop projects.

The above list is only a partial record of the wide variety of projects completed in the department.

New equipment added to the shops this year include a 16-in. Jointer, Hollow Chisel Mortiser, Universal Tool and Cutter Grinder, and several small tools.

Beginning Sept. 1st of this year, we found conditions crowded to such an extent that it seemed advisable to move the Machine Shop equipment to the basement of the Vocational building. This has been done. The space formerly occupied by the Machine Shop has

been turned over to the Manual Training classes. With this change the building is being used, so as to get a **full return on the money invested.**

The equipment and plant in general is in good condition, and serving its purpose well.

That the money spent for Mechanic Arts Work is justified, is proven by the interest manifested by the boys, and the number of visitors who come to see our classes.

I want to take this opportunity to thank the School Board, Superintendent, the Headmaster, and the Mechanic Arts instructors for their cooperation.

Respectfully submitted,

HAROLD W. HANSON,

Head of Mechanic Arts Department.

---

I wish to thank the superintendent and the school board for their help and suggestions in the work of the high school.

Respectfully submitted,

ELWOOD S. FRASER,

Headmaster.

January 2, 1930.

# REPORT OF SUPERVISOR OF MUSIC

---

*To the Superintendent of Schools:*

I herewith submit my fourth report as Supervisor of Music in the Rochester Public Schools.

The work is being carried along on much the same lines as for the past three years.

The little children are taught by imitation, rote songs forming the basis of teaching.

Reading from music notation together with the necessary problems in time, tone, and theory receive their due attention in each grade beginning with the second. Correct posture, proper phrasing, and good tone quality are stressed. Pupils singing three part music have individual voice tests.

Individual work is proving its value in the children's enthusiasm and willingness to participate in group work, quartet, trio, duet, and even solo singing.

This is the second year that the junior orchestra has had members from every school in the city. Maple Street furnishes our youngest member, a fourth grade pupil. The membership has doubled in three years. This last September we furnished six members to the high school orchestra.

Our operetta, "Hansel and Gretel," given during Music Week, was the outstanding feature of the grade work. The cast of over a hundred pupils was chosen from every school from the fifth to the eighth grade, including East Rochester and Gonic.

I want to take this opportunity to express my thanks to the boys and girls, their parents, the teachers, and the superintendent who by their support and cooperation made our operetta so splendidly successful. The junior orchestra furnished music before and between the acts.

The high school orchestra is fortunate this year in having a greater variety of instruments. Our new members have brought us a flute, three clarinets, two additional cornets and a saxophone, besides the always welcome and necessary violins.

I desire to thank the members of the senior class who are continuing as regular members, despite the fact that they receive no official credit, having gained their one point at the end of the Junior year.

The girls' glee club is continuing its work in a creditable manner.

The boys' glee club is starting on its third year of work.

Last January twenty-ninth the orchestra furnished music before and between the acts of a play given for the benefit of Rochester Hospital.

In April the orchestra and combined glee clubs gave their second annual concert at the Opera House. They deserve much credit for this performance.

This year instead of a concert we expect to furnish incidental music the night of the high school play.

We have made two public appearances this term; one evening at the high school during Education Week, another at the Methodist Church in December.

In conclusion, I wish to thank the teachers and superintendent for their cooperation.

Respectfully submitted,

MYRA E. SPRAGUE.

# REPORT OF SCHOOL NURSE

---

*To the Superintendent of Schools:*

It is indeed a pleasure to submit my second annual report.

Approximately eighteen hundred pupils have been examined, of these the following defects were found:

Pupils with defective teeth,	310
Pupils with hypertrophied tonsils,	126
Pupils with defective vision,	41
Pupils with defective hearing,	12
Pupils 10% underweight,	260

Since the last annual report the following improvements have been made:

Teeth,	96
Removal of tonsils,	24
Vision improved (by securing glasses),	29

The problem of undernourishment is being coped with to the best of our ability. A problem of this kind cannot wholly be remedied in the schools but must have the cooperation of the home.

In the past year, I have made five hundred and sixty-nine home visits.

Milk lunches are now on a firm basis in the schools. They are well worth while, and have shown some remarkable results.

Fifty-two children have attended the local tuberculosis clinic, and of this number eight are classed as suspicious. Two are now at the sanatorium at Pembroke, N. H., and those not requiring such skilled attention are being treated successfully at home.

Charitable organizations in the city have made possible many needed corrections, as well as supplying milk for a large number.

I want to thank the superintendent and teachers for their cooperation.

Respectfully submitted,

ADELINE MORGAN, R. N.,

School Nurse.

# REPORT OF PLAYGROUND INSTRUCTOR

---

(Summer of 1929)

*To the Superintendent of Schools:*

I herewith submit my report as supervisor of the playground at Dominicus Hanson Park for the season of 1929.

The playground was officially opened Monday, July first, with supervision offered in many of the sports. During the first week a raft and diving board were constructed under the direction of Guy Edmunds. This equipment made the swimming place most popular on the majority of days. The instructor conducted several swimming meets during the season, in which Charlotte Burleigh showed herself to be the outstanding swimmer, surpassing her male competitors in all events.

Among the playground sports, basketball was the favorite of the summer. Day after day, the boys and girls strove to master the fundamentals with rather crude attempts. Basketball is a most healthful sport and the children like it. They appear to greatly regret that there is no opportunity to master the game other than by making it a summer sport. Teams were organized and games played regularly. R. R. Drapeau was chosen as the best all-around player in this sport.

Horseshoes was another popular sport. It was found to be a delightful recreation in which to indulge while drying off. In this game a tournament was developed with forty competitors. Arnold Newcomb won the singles championship and the latter and John Ludden the doubles championship.

Tennis needed no encouragement from the instructor. At every hour of the day both courts were occupied with several men, women, or children waiting for an opportunity to play.

Further time was given to the fundamentals of football and short games were played. Boys who expected to play high school football were most eager for the training and the mastery of the fundamentals.

On the upper playground, the swings, teeters, and chute were in almost constant use by both the younger and older people.

## 1 Program

### A 9 A. M. to 12 M.

9:00-10:00 Tennis and football

10:00-10:45 Basketball

10:45-11:00 Short swim

11:00-11:45 Horseshoes

### B 1:00 P. M. to 5:00 P. M.

1:00-1:45 Elementary swimming instruction

1:45-2:15 Diving and advanced strokes

2:15-4:45 Swimming

5:00 All non-swimmers were asked to leave the water.

## II First Aid

- A No serious accidents occurred.
- B Approximately 35 children received treatment for minor cuts and bruises.
- C Approximately 12 people were removed by the instructor when in danger of drowning.

## III Attendance

- A Average attendance on warm days, approximately 150.
- B Record day estimated at 750 on August 18, when the Catholic Order of Foresters sponsored a field day and swimming meet.

Respectfully submitted,

STANLEY W. WRIGHT.

## THE CLASS ODE

Annie Phillips

---

Tune, "Come Back to Erin"

Now that high school days are ended, and over  
Now that the old world is calling anew,  
We must withdraw from the pleasures of childhood  
To seek the goals that are held to our view.  
Although the pathway of life leads us onward  
And each, in turn, leaves companions so dear  
We shall remember our happy old high school  
And in sweet memories recall it with cheer.  
Then it's farewell to you class-mates so friendly,  
We say goodbye with a smile and a tear.  
May God in his heaven e'er tend us and keep us  
That in the future we all may meet there.

May fame await us and happiness  
Follow us all through life's most tempestuous years;  
For he is winner of laurels and glory  
Who faces life boldly, nor yields to his fears.  
Cross the brief span that tonight is just ending  
We've struggled to triumph o'er victory's gain  
Now we'll march onward in search of new ventures.  
Which with God's guidance will not be in vain  
Then it's farewell to you, class-mates so friendly  
We say goodbye with a smile and a tear,  
May God in his heaven e'er tend us and keep us  
That in the future we all may meet there.

## EIGHTH GRADE GRADUATES, JUNE 14, 1929

## ALLEN SCHOOL

*Neal Almgren	*Raymond Hobson
Marion L. Blaisdell	*Francis Howard
*Willis L. Blood	Rita Langevin
*William H. Champlin, Jr.	*Helen M. Laverdiere
Thelma A. Chick	*Harry M. Lemke
Lillian Desaulnier	*Helen G. Lord
*Ethelyn G. Dorr	*Wilma F. Lunt
Marion Draper	*Helen E. McDuffee
*Gladys L. Edgerly	Abbie F. Nason
*Kenneth Emerson	*Richard L. Roberts
*George M. Evans	Floris M. Rollins
*Robert E. Feineman	William S. Roots, Jr.
*Charles E. Fisher, Jr.	*William H. Sanborn
Eva M. Forcier	*William W. Sass
*William Dean Fraser	*Frederic Scruton
Albert Ham	*Edward Vachon
*Eleanor Hayes	

## SCHOOL STREET SCHOOL

*Margaret Cegiel	Vincent Lucey
*Alice Champion	Levi MacKay
*Ruth Clark	*Josephine Nadeau
*Ruth Crosby	*Carl Palmer
*Ruth Dearborn	*Ralph Richardson
*Mary Dow	*William Smith, Jr.
Claudia Dubois	Jeremiah Stuart
*Philip Hilton	Donald Tuck
*Carrie Hopkinson	*Gordon Tuck
*George Lenzi	Scott Weare
*Gordon Lenzi	*Beulah Webber
*Mildred Lenzi	

## GONIC SCHOOL

*Angele Beaulieu	*Albertina Regis
Jeannette Beaulieu	*Primina Regis
*Mary Corson	*Evelyn Supry
*Roland Fisher	Albert Tessier
*Alice Holland	

## EAST ROCHESTER SCHOOL

*Norman Blaisdell	*Dean Hurd
*Alfred Callahan	*Harrison Leonard
Kenneth Colwell	Alfred McKenney
*Katherine Corson	Norman McKenney
Pearl Corson	*Helen Pray
Doris Densmore	Ernest Preston
*Alphie Deveau	*Phyllis Shorey
*William Goff	Allie Story
Roland Grenier	*Burton Tebbetts
*Edwina Haley	Raymond Turner
Pearl Henderson	*Vincent Turner
*Joseph Hickey	

\* These pupils entered High School, September 1929

## IN MEMORIAM

Robert Howe, a pupil in the Allen School, died February 6, 1929, age 7 years, 10 months.

Josephine Vigue, a pupil in the Maple St. School, died June 2, 1929, age 7 years, 11 months.

Willis E. Meader, janitor of the Maple St. School, died May 24, 1929.

Thelma Agnes Chick, a pupil in the Allen School, died July 18, 1929, age 14 years, 6 months.
